**PHOTO:** Police move students into a different area of Great Mills High School, the scene of a shooting, March 20, 2018 in Great Mills, Md. Alex Brandon/AP

Police move students into a different area of Great Mills High School, the scene of a shooting, March 20, 2018 in Great Mills, Md.

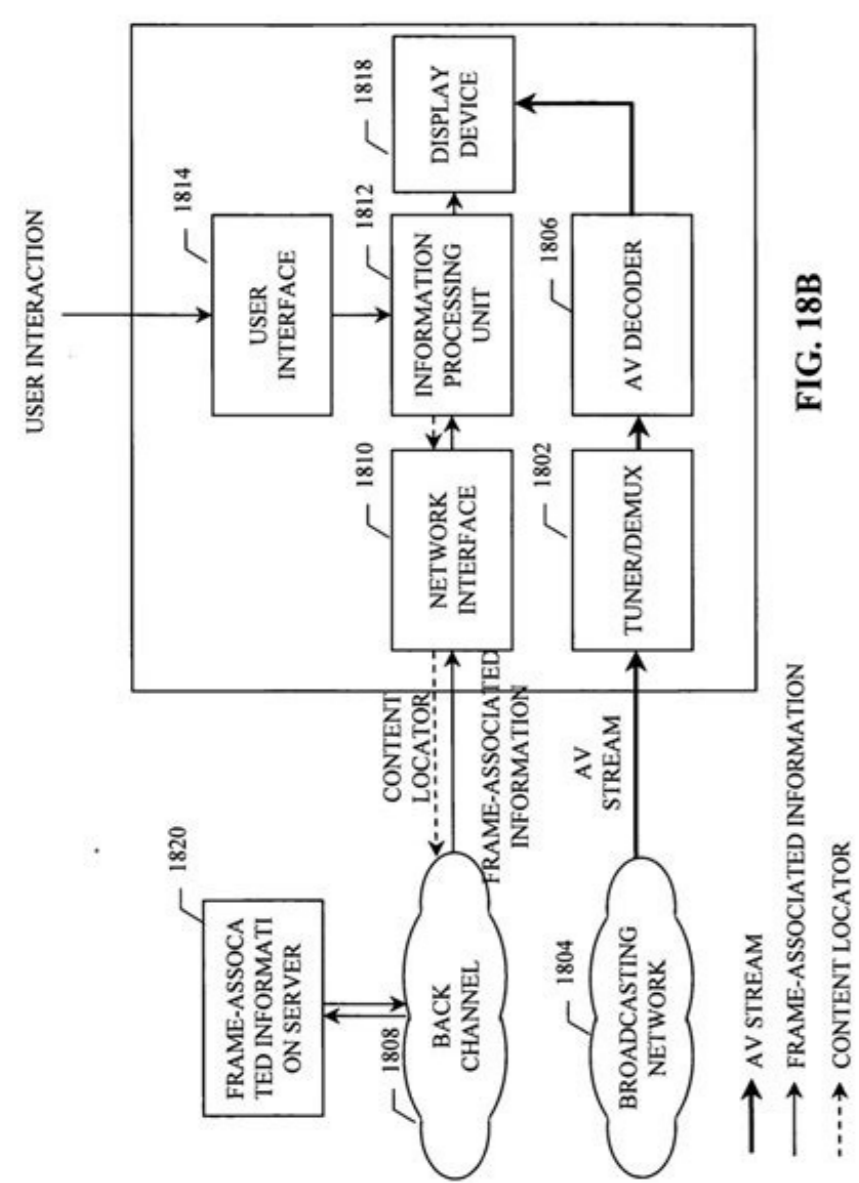

"Teams should include personnel from a variety of disciplines within the school community, including teachers, guidance counselors, coaches, school resource officers, mental health professionals, and school administrators," the report says. It also recommends that the team meets on a regular basis and have a clear leader.

"Everyone brings a different perspective to how they interpret someone's behavior," Alathari said.

According to Alathari, having a school resource officer on the team is helpful in identifying potential risk and they are often the first ones to respond on the scene.

And in most cases, those officers have relationships with the students.

"It's very important to have this collaboration with law enforcement because not only can they assist when there is an imminent safety risk but they can assist in other ways as well," Alathari said. "A lot of students respond well to
